

Resident Engineer – NICET IV Certified or Professional Engineer

Boswell Engineering is seeking a Resident Engineer with NICET Level IV certification.

Responsibilities:

- Perform on-site inspection of various heavy highway and/or bridge rehabilitation/replacement, paving projects, and drainage projects.
- Daily inspection efforts on multiple complex, large, and/or diverse projects in order to ensure contractor's operations comply with project plans, specifications, and contract documents.
- Complete daily inspection reports.
- Prepare sketches and assemble data for Field Engineer to utilize when making changes to the project.
- Assure general compliance with State or NJ Turnpike Authority standards and specifications.
- Combination of both office and field duties.

Qualifications:

- Bachelor's Degree in Engineering, current NJ Professional Engineer License a plus.
- Ten (10+) years of experience as a Resident Engineer on bridges.
- Valid NICET Certification IV.
- Ability to read and understand plans/specifications and properly document collected data.
- Must pay attention to detail.
- Working knowledge of Microsoft Office Programs.
- Must possess a valid driver's license and reliable transportation.
- NJ Turnpike Authority experience required.
- Night and/or weekend work may be required and must be reliable and flexible.
